pose be requested.

"A change in the personnel of the office occurred through the resignation on June 22 of John J. Ryan, Inspector of Gas Fitting, and the appointment of William H. Marsh to the vacency. The office force was temporarily increased by the detail of the corps of five hydrant inspectors, whose times of service were various, the maximum being about six months.

"The promotion of one of the Assistant Inspectors from \$1,000 to \$1,200 was made possible by the provision of the App op in-

possible by the provision of the Appropriation act for the current year, and effords some recognition of the responsibilities borne by these men.

"It is necessary for the satisfactory making of the final tests of completed plumbing work, and the giving of proper attantion to the execution of plumbing in building.

to the execution of plumbing in buildings owned by the District, that the field to ce be increased by provision for another in-spector for the performance of these ad-ditional duttion."

Opinion on Tax Bills.

Owners of a Lot, Purchased Before the Annexation of an Adjoining Parcel, Need Pay Taxes Only on the Original Tract-Other Subjects of Interest to Local Residents.

Ashford and Aldis B. Browne requesting a modification of the tax bill furnished them for 1900 on part of lot 48, square 69.

In their application Messrs. Ashford and Brewne state that they, as trustees, sold lcts 44, 45, 46, 47, and 48 in Powell & Dyer's sub-division of part of square 69, and he general taxes on said lots would be paid out of the purchase money. The applicants further say that on June 30, 1980, lot 48 for 1900 for the reason that the bill condered included taxes upon the land ad-Joining said lot 48 and designated as parcel B on plat filed by order of the Commissioners, which parcel was not embracthorized to sell. They also had no power they asked that a proper bill be rendered so that the claim of the District against the said lot 48 could be paid and receipted for. in his opinion in the case Mr. Brandenourg states that pursuant to the provisions of the act of Congress approved July 22, 1892, being an act "to provide for the opening of alleys in the District of Columbia." and the amendment thereto apcalled Newport Place was opened in square

'In accordance with the provist and accordance with the provisions of said act of July 22, 1892," says Mr. Brandenburg. "the Commissioners closed certain alleys in said square rendered useless by the opening of said streets, by entering into an agreement with William Bramhall, the then owner of lot 48, for the purchase said Bramhall of the land contained in

by said Bramnall of the land contained in said alleys at a price agreed upon between the Commissioners and said Bramhall. "Thereupon, pursuant to the provisions of said act the land contained in the alley closed was annexed to said lot 48 upon the plat prepared by the Surveyor and desig-

nated as Parcel B.
"On June 25, 1890, a number of years before any proceedings were had for the opening of said street, and before the making of the contract between Mr. Bramhall and the Commissioners as above stated. the former owner of said lot 48 executed the former owner of said for 48 executed a deed of trust to Messars. Ashford and Browne in usual form to secure the payment of certain notes. Default having been made in the payment of said notes, the property was advertised and sold by

the trustees at public auction. "It appears from the report of the Assessor that under the order of the Com-missioners, dated April 22, 1990, made pur-suant to the proceedings for the opening of Newport Place in square 69, lot 48 was enlarged by parcel B, as above stated, and is now so listed for assessment on the records of his office. It will be noted that parcel B was annexed to said lot 48 pursuant to an agreement made between Mr. Bramhall, the equitable owner of the property at the time, and the Commissioners, long after the conveyance of the property to Messrs. Browne and Ashford, who were neither parties nor assented thereto. "In my opinion, therefore, the agreement whereby said parcel B was annexed nent whereby said parter by was annexed to said lot 48 being later in date, was subordinate in right to said deed of trust, and the interest of Mr. Bramhall, with whom the agreement was made, having been divested by sale, Messrs. Ashford and Browne are entitled to have a tax bill for the taxes on lot 48 without the enlargement of parcel B. Inasmuch as the Assessor is without authority to change Lake, daily 5 and 8:30. Take the children.

ATTAIRS OF THE DISTRICT bis records or render such a bill as is requested, except pursuant to an order of the Commissioners, I advise that the Commissioners is a substitute the contract t rissieners pass an order authorizing the list upon the records of his Assistant Attorney Brandenburg's office said lot 48 and said parcel B separately in the names of their respective

wners."
The Plumbing Board, of which Joseph Quinter is president, and Charles B. I is secretary, has submitted its annuall report to the Commissioners, covering the operations of the board for the fiscal year ended June 20, 1900. The report says: "The meetings of the board were con-tinued in accordance with law and there were held during the year forty-one ses-sions, sixteen of which were devoted to the

The order of August 1, 1899, substituted Thomas Humphrey, master plumber, and A. M. Lawson, an employe of the District, for Messrs, T. V. Noonan and C. F. Eckforf, respectively, whose terms of service expired. "At a meeting held August 2, Mr.

expired. At a meeting held August 2, Mr. Quinter was chosen president of the board to succeed Mr. Noonan.

INQUEST IN MALLOY CASE.

To Place Responsibility for the Railroad Man's Death.

The remains of Michael J. Malloy, the ailroad supervisor, who died at the Emergency Hospital shortly before 2 o'c'ock last night, as the result of injuries sus tained at the Baltimore and Ohio railroad moved to the undertaking establishment of J. William Lee, on Pennsylvania Avenue. Acting Coroner Glazebreck late viewed the remains and ordered an au topsy performed this afternoon. cided to hold an inquest Monday, as it would be impossible to subpoena the necssary witneses in time for an inquest to

inquest on Sunfay.

Dr. Glazebrook stated today that had he been notified of the death of Malloy immidiately after it occurred he would have had ample time to arrange for an inques nad ampie time to arrange for an inquest today. No arrangements for the funeral of Malloy will be made until after the inquest. After the autopsy the body will be embalmed and held at Lee's undertaking establishment, where the inquest will be

unmarried. His home was in Baltimore, and he had relatives in Parkersburg, W. Va., and Cumberland, Md. When in Washington he lived at 55 D Street northwest.

A man and a woman were painfully in jured in a runaway at Brookland last night about 11 o'clock. J. C. Forrester, who lives near the corner of Seventh and Q Streets northwest, accompanied by a young woman who refused to give her name, went driv-ing. The horse became frightened at the sudden appearance of an electric car. The animal ran away, dashed toward the Cath-olic University grounds, and upset the buggy, throwing both Forrester and his companion out. The police assisted the couple to Bowen's drugstore. After treat ment they went home on a street car. The buggy was demolished.

Annual Report of Inspector C. B. Ball Filed.

Large Increase in the Work of His Office-Numerous Convictions for Violating the Laws-Fines Considered Too Light-Designs Approved for Many Notable Buildings

Charles B. Ball, the Inspector of Plumbing for the District, today forwarded to the Commissioners his annual report for the fiscal year ended June 30, 1900. He says: "The amount of office work performed shows a considerable increase, largely due to the added work connected with hydrant inspections and notices. The numbers of letters, orders, and endorsements amounts to 3,258, the detail of which includes misellaneous letters 644; letters to master olumbers, 127; orders to repair plumbing or gas fitting, 522; hydrant replacement orders, 1,132; endorsements on communications forwarded, 720, and letters to the Engineer Commissioner and other Distric

"The total number of inspections under the direction of this office was 23,015, or, excluding 5,800 inspections of hydrants, 17,405, a decrease of 197 from those of the previous year. These comprise 4,929 ex-aminations of existing plumbing; 5,841 inaminations of existing prumbing: 3,841 in-spections of remodeling, extensions, and repairs; 3,213 inspections of plumbing in new buildings; 194 peppermint tests; 1,055 inspections of gas piping or gas fixtures; 561 inspections of lead water-service pipes; 587 sewer laterals tapped into main sewers; 229 new terra cotta house sewers, and 796 repairs to terra cotta sewers inspected. The number of notices personally served upon property owners prparatory to prose-

"The number of new buildings for which plumbing designs have been approved as 736, including some not worthy structure, such as the new Willard's Hotel, the Bond office building, the municipal library, Trinity College, and the elegant residences

Trinity College, and the elegant residences of Herbert Wadsworth, Wayne MacVeaga, and Beriah Wilkins.

"The amount of supervision exercised in the design of the n.w District buildings was greater than in past years, attention was greater than in past year, attention having been given to the plumbling proposed for the two manual training high schools and numerous other new schools and fire engine houses, as well as to the preparation of special plumbing appliances

or the new workhouse.

"On December 6, 1899, this office was, by order of the Commissioners, charged with the work of inspection of yard hydrants, previously performed by the Water Department, and the service and execution of notices upon defective hydrants of the Selinse type.

'In each of the cases referred to this of fice, aggregating 4,924, the hydrant had been previously inspected and found to be in defective or leaky condition. Each hy-drant was reinspected under my direction type mailed to the owner or agent.

"The number of hydrant inspections was 5.800; of repair notices issued, 1,482; of re-placement orders, 1,132. The new hydrants installed, of which this office has informaion, number 933 and the hydrants re moved, 100.

The Plumbing Regulations.

"No general revision of the plumbin egulations having been undertaken sine their promulgation on February 15, 1893, although a few changes were made in the Clarence A. Brandenburg, the Assistant
Attorney for the District, has submitted to
the Commissioners, at their request, an

FOR SALE BY ALL DRUGGISTS. Similar Offences, Similar Fines. Lena Adams and Lucie Hayes, colored, were in the dock of the lower branch of the Police Court the dock of the lower branch of the Police Court
this morning, apparently on equal terms, as both
were charged with profamity and disorderly conand he alleged that the conduct of the women in
Foundry alley last night was most reprehensible.
The women entered pleas of not guilty, but could
not substantiate their declarations of innocence
and Judge Mills administered similar treatment to
each in the shape of the imposition of \$5 fine, with
the alternative of fitteen days in the workhouse.
After sentence was imposed it developed that
the Hayes woman was better off than her colleague, as she had the necessary \$5 to secure
ther immunity from a term of service. The Adams
woman went down.
